

Photo and Video Usage Permission Form

- "I" or "Me" refers to the Photographer, Videographer, or assignee of said person's rights in the furnished images and "You" refers to NIST.
- "Image(s)" means all visual representations furnished to you by me, including all video representations, whether captured, delivered, or stored in photographic, magnetic, optical, electronic, or any other media.
- All Images and rights relating to them, including copyright and ownership rights, remain the sole and exclusive property of the Photographer.
- I will let you see the relevant Image(s) that I have.
- You may have, or make, a digital or printed copy that you can take with you.
- You retain ownership of any such copy, however I retain all other rights, including copyright to such copy.
- You do not need to return the copy to me.
- You are permitted to make duplicates of the copy, but only as is necessary to enable the research project members to share the Image(s) amongst themselves for the research project. The images will not be disseminated, except as necessary for the conduct of the research and except as required by Federal law, including the Freedom of Information Act, or by court order or by demand of Congress, the Inspector General or the General Accounting Office.
- You agree that you will not sell, or offer in a commercial setting, my Image(s).
- All published usages of my Image(s) will be accompanied by written credit to me as Photographer, or a copyright notice.
- I give you permission for the additional, specific uses listed below for which a "yes" answer has been initialed. Any uses listed below for which permission is denied are indicated by a "no" answer. All listed usages must receive a "yes" or "no" indication from me. (A listed usage that receives neither a "yes" nor a "no" indication from me shall be treated as an answer of "no". A listed usage that receives both a "yes" and "no" indication from me shall be deemed to indicate an answer of "no".)

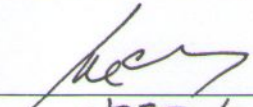

Yes X	No	You may include my Image(s) in the body of materials that will be available indefinitely to the professional engineering, fire protection community, and building sciences community for study and research. Image(s) may be archived in electronic and print form.
Yes X	No	You may include my Image(s) in the final research report, if credited as per my specifications. I understand that this report may be available to the public in several forms, including but not limited to: (a) traditional print media, available for as long as copies of the report are requested; (b) as a PDF on the NIST website, including Images; Images within this document will have a resolution of 72 to 100 dots per on-screen inch, and credit will be embedded into the bitmap of the Image.
Yes X	No	You may show my credited Image(s) to other photographers.
Yes X	No	You are permitted to perform cropping and alterations of contrast, brightness, and color balance, consistent with reproduction needs.
Yes X	No	You may use my credited Image(s) in briefings and presentations made by research team members.

Description of Image(s) governed by this agreement:

Photographs showing the development of the fire on 133 Berkley Way, San Francisco which occurred on June 2, 2011.

The attached images are taken from photographs owned by the San Francisco Fire Department.
The images will be credited "Courtesy of the San Francisco Fire Department"
